**RESPONSE TO NOTICE OF NON-COMPLIANT AMENDMENT AND
RE-SUBMISSION OF AMENDMENT UNDER 37 C.F.R. §1.111**

Sir:

A response to the office action of July 13, 2005 was filed in the USPTO on October 4, 2005. A Notice of Non-Compliant Amendment was mailed October 14, 2005; however, the Notice of Non-Compliant Amendment failed to identify any defect with the amendment filed October 4, 2005.

A facsimile letter withdrawing the notice of Non-Compliant Amendment was sent to the undersigned on October 19, 2005 together with a revised notice of Non-Compliant Amendment which identifies claim 9 as being incomplete.

The undersigned has carefully reviewed the amendment filed October 4, 2005, and notes that, as filed, claim 9 was complete (contrary to the second notice of Non-Compliant Amendment). However, the undersigned did not a failure to change the status indication from "original" to "currently amended" for claims 5-8.

Therefore, this response re-submits the amendments filed October 4, 2005, together with a revised status indication for claims 5-8. This re-submission presents no new arguments or claim revisions, and should satisfy both the requirement to respond to the notice of Non-Compliant Amendment, and the requirement to respond

to the office action dated July 13, 2005. It is believed that no extension of time is required to gain entry and consideration of this response; however should any extensions be required, provisional petition therefore is hereby made, and the commissioner is authorized to charge attorney's deposit account 50-2041 (Whitham, Curtis & Christofferson).

A copy of the notice of Non-Compliant Amendment, and attachments thereto, is hereby attached to this response for purposes of clarification.

In response to the Office Action mailed July 13, 2005, please amend the above-identified application as provided herein.

Amendments to the Specification: Amendments to the specification to the begin at page 3 this paper.

Amendments to the Claims: The listing of the claims begins at page 4 of this paper.

Amendments to the Drawings: There are no amendments to the drawings in this paper.

Remarks: The "Remarks" section begins at page 6 of this paper.
